CLERK: 16 Ayes, 17 Nays and 16 not voting.

PRESIDENT: Motion is lost. Do we have other amendments to 581?

CLERK: Yes

PRESIDENT: Alright we have some technical amendments to 581 by Senator Marvel.

(end belt #15)

(start belt #16)

SENATOR MARVEL: 581 originally amended 1476 the last session. Since the passage of 1476 there were some "A" bills that amended 1476. Now unless we take into consideration that middle route we are going to foul up any amendments to 1476. All this does is recognize that we....we originally had a 1476 bill then there followed "A" bills which changed that 1476 and were amending are the "A" bills which in turn amended 1476. That ought to be a very clear explanation of what this does and I move that the technical amendments to 581 be adopted.

PRESIDENT: Is there any further discussion of the technical amendments as offered by Senator Marvel? Question is shall the amendments be adopted. All those in favor vote aye, those opposed vote no. We are voting on the adoption of the technical amendments to 581 as offered by Senator Marvel. Clerk will record.

CLERK: 26 Ayes, 1 Nay, and 22 not voting.

PRESIDENT: Alright the Marvel amendments are adopted. Do we have other amendments on the desk?

CLERK: I have no further amendments.

SENATOR MARVEL: Advance to E & R for engrossment.

PRESIDENT: Any further discussion of the bill now? Question is shall 581 be advanced from Select File to E & R for engrossing. All those in favor say aye, those opposed say no. So ordered. The bill is advanced. Senator Duis.

SENATOR DUIS: Mr. President, point a personal privilege. If I may have Speaker Proud's attention.

PRESIDENT: State your point Senator.

SENATOR DUIS: Do I have your attention? Senator Proud I want to re-emphasize what I said earlier because I'm not positive whether I was understood. 581 and 582 were never included in the motion that I was to make, in regard to the situation of taking care of these bills on Select File as General File. I want my position very clear. This motion that I made at the inset of the motion...or the work on 526 and concerned only 526, 529 and 30, and 114. I wanted to be abundantly sure that you realize that this motion had nothing to do with 581 and 582 and the motion that I made was only for the purpose of living up to what I had said at the time that I allowed 526 to be advanced with over my objections and I withdrew my objections and I wanted you to understand this very clearly.

PRESIDENT: Speaker Proud.

SENATOR PROUD: Yes I understand that, but I also understand
